Whats included:

1. How to play.
2. How to score.
3. Activity items.
4. Score card.

Odd One Out easy 3 word set 01

Created for client by _____ on 19th Aug 2022

How to play

1. Print and cut out the cards along the dotted line.
2. They all contain an item number.
3. Show items (sets of 3 or 6 cards) to the client one by one.
4. Ask the client to pick the odd one out.

How to score

- Each answer can be correct, partially correct or incorrect
- A correct answer = 1 point, partially correct = 1/2 point, incorrect = 0
- At the end of the activity add up all points and calculate the percentage accuracy from this result

Within Voca Quest we use this percentage accuracy to create, suggest, or attain specific goals for the client, auto-generating certificates upon attaining a goal.

These are the boundaries we use for this:

- < 60% = auto-generated goal
- < 80% = suggested goal
- 80% or above 3 times = goal attained

1

apple

2

mug

2

dog

3

pen

4

sweater

1

pencil

1

banana

2

cat

3

teapot

3
