How to play

1. Print and cut out the cards and category titles along the dotted line.
2. Place the category titles on the table and ask the client to move the cards under the correct title.

How to score

- Each answer can be correct, partially correct or incorrect
- A correct answer = 1 point, partially correct = 1/2 point, incorrect = 0
- At the end of the activity add up all points and calculate the percentage accuracy from this result

Within Voca Quest we use this percentage accuracy to create, suggest, or attain specific goals for the client, auto-generating certificates upon attaining a goal.
These are the boundaries we use for this:

- < 60% = auto-generated goal
- < 80% = suggested goal
- 80% or above 3 times = goal attained
