

Voca Quest Printables!

Welcome to Voca Quest, the largest library of digital and printable resources for busy speech and language therapists. Go to www.voca-quest.com for more info on us, or email us on support@voca-quest.com

Whats included:

1. How to play.
2. How to score.
3. Activity items.
4. Score card.

Colourful Semantics: Fill in the blanks set 01

Created for client by _____ on 18th Aug 2022

How to play

1. Print and cut out the images and cards along the dotted line.
2. All images and cards contain a group number.
3. Show the image and then one by one show the cards of the same group, asking the client to tell you what word should fill the blank.

How to score

- Each answer can be correct, partially correct or incorrect
- A correct answer = 1 point, partially correct = 1/2 point, incorrect = 0
- At the end of the activity add up all points and calculate the percentage accuracy from this result

Within Voca Quest we use this percentage accuracy to create, suggest, or attain specific goals for the client, auto-generating certificates upon attaining a goal.

These are the boundaries we use for this:

- < 60% = auto-generated goal
- < 80% = suggested goal
- 80% or above 3 times = goal attained

1 - 1

_____ is washing the dishes in the kitchen.

1 - 2

The boy _____ the dishes in the kitchen.

1 - 3

The boy is washing _____ in the kitchen.

1 - 4
